**SUBJECT: SIX CANDIDATES QUALIFIED FOR THE CONSTITUTION PARTY OF IDAHO PRIMARY AND TWO OF THEM ARE VIRGINIANS**

Mr. John Bloom, Chairman of the Constitution Party of Virginia congratulates Virginians Charles Kraut and Sheila "Samm" Tittle for qualifying to be on the ballot for the Constitution Party of Idaho Primary. Also qualifying on the ballot is former Republican candidate for Senate in West Virginia, Don Blankenship; Former Chairman of the Constitution Party of Montana and current Chairman of the new "Life and Liberty" Party, JR Meyer; Constitution Party of Wyoming member who ran against Liz Chaney in 2018 for Congress, Daniel C. Cummings; and Don Grundmann who ran as an Independent Candidate for Senate in California.

Charles Kraut, was the first Vice-Chairman of rebuilt Constitution Party of Virginia back in 2017. Just like the Chairman of the CPV, Mr. Bloom, he served in the US Army and took the same oath to protect and defend the Constitution of the United States against all enemies both foreign and DOMESTIC. Mr. Kraut has been active in the Republican Party, like Mr. Bloom, and realized that the Republican Party is "lost without a compass" and no longer places the Constitution of the United States ahead of the Republican Party, and Donald Trump. Mr. Kraut and has spoken at many Tea Party events as well at Constitution Party events across the country and wrote two books all Americans should read, "Patriots Guide to Taking Back America" and "Will You Help Save Your Country?" A short biography of Mr. Kraut is included in this Press Release along with the statement he made at the Rockbridge County Board of Supervisor's Meeting.

Sheila "Samm" Tittle has run for President of the United States as an Independent Candidate in 2012 and 2016. Ms. Tittle is well versed on the Constitution and the RESTRICTIONS placed on the President of the United States by the Constitution of the United States, and unlike Republican and Democrat Presidents in the past, she will abide by those restrictions. She has stated elect her President and The Constitution of the United States would be "President".

The Constitution Party of Virginia would like to thank Mr. Philip Van Cleave, President of the Virginia Citizens Defense League for affording Mr. Bloom the opportunity to address the VCDL Rally in Richmond this past January, in a five minute speech which was well received by all those attending. The CPV requests that the VCDL afford the same opportunity to Ms. Tittle and Mr. Kraut to address those attending the 2020 VCDL Rally next January. Mr. Bloom would like to remind the VCDL that the Republicans they endorsed and supported have invoked their "right to remain silent" when Donald Trump, signed an UNCONSTITUTIONAL Executive Order. This order banning "Bump Stocks" is an IMPEACHABLE OFFENSE, usurping Congressional Authority under Article 1. These Republicans remained silent when Donald Trump mentioned imposing "Red Flag" laws or additional background checks. They are not loyal to the Constitution of the United States, especially the 2<sup>nd</sup> Amendment, just Donald Trump and HIS Party. The CPV is the real supporter of the 2<sup>nd</sup> Amendment.

The Constitution Party of Virginia has paid sponsorships to the Conservative Political Action Conference the past two years, either directly or in conjunction with the National Constitution Party, and what few people know is Mr. Bloom walked out on Donald Trump's speech, he could not take all the lying. After he left the Potomac Ballroom he was interviewed by Politico:

<https://www.politico.com/video/2018/02/25/what-is-conservatism-065133> The National Constitution Party even brought "President George Washington" to CPAC along with copies of the Constitution of the United States. Though the CPV has helped sponsor CPAC two years in a row, asked CPAC organizers to afford them the opportunity to speak at the event, they have not, but Foreign National and SOCIALIST from the French National Front, Marine Le Penn, an ally of Donald Trump, was afforded the opportunity to speak. The CPV will again sponsor CPAC next year and will allow CPAC attendees to meet these courageous Virginians at their booth, even if CPAC organizers do not allow them to speak on stage.

Mr Bloom issues this statement: "Albert Einstein defined INSANITY, as doing the same thing over and over again expecting DIFFERENT results. Such is the FOLLY of voting Republican or Democratic, the only thing you will get is continued taxing of FUTURE Generations of Americans, an increasing of the National Debt, continued EXPANSION of the Federal government, perpetual wars, and increased surveillance as they just reauthorized the patriot act. The I am very envious of the French people, for their media gave another party equal coverage and both of THEIR CORRUPT established parties were replaced, the same could happen here if the media were independent of either the Republican and Democratic Parties. Patriots interested in helping save America's Constitutional Republic, from becoming a Dictatorship can contact me at [CPofVirginia@gmail.com](mailto:CPofVirginia@gmail.com)."

**Samm Tittle was born Sheila Tittle of El Paso, Texas to a Proud United States WWII Navy Veteran and her Mother born into the Spanish Family out of Spain who was asked by the United States Government to bring, to settle a Spanish Culture into the United States, therein later acclaimed to be called Hispanics.**

**Samm Tittle found herself born into & raised in a Democrat home but enveloped herself in the Conservative Values of President John Fitzgerald Kennedy; later finding herself in Ronald Reagan's Love & Philosophy for what America should be long term for our Children's Children's eternity.**

**Education, education, education found Samm Tittle educated in a Parochial School where she was taught "Knowledge is Power" therein embedding herself in her fervor for more and more education. Samm graduated from the First High School in El Paso Texas, El Paso High School, just five (5) minutes from the Texas Mexico Border. Knowing clearly by sight & first hand experience Samm Tittle learned the difference between Law & Order for both sides of the Borders. One was lawless exacting Government Officials as head; while the People at the bottom of the food chain were quite poor & underprivileged. You could say "underfoot of the Mexican Government".**

**It was at that time that Samm fell in love with Our United States Constitution, obediently calling it like her Parents and their Neighbors did "the Only Law of this Land." Samm's Parents taught their Children to be well disciplined in School because Education was their only saving Grace; therefore Samm enjoyed going to School, relishing in it's foundation. After leaving her High School Days Samm remained faithful to learning more and more; as much as she could from books & hard knocks education.**

**You will read how Samm Tittle eventually stepped up to stand up to Run for the Presidency of the United States writing personally to her soon to be Constituents:**

**IF AFFORDED THE OPPORTUNITY TO SPEAK AT THE "GOD, FAMILY AND GUNS" RALLY  
SECOND AMENDMENT SPEECH**

**"I stand on the 2nd Amendment First; because without it we have Nothing".**

**Our Founding Father's knew exactly what they were doing when they put the 2nd Amendment second to our Freedom of Speech, Religion, Freedom to Assemble and the Freedom of the Press; for they knew the 2nd Amendment would hold fast the First Amendment; and those thereof.**

**Why was The Second Amendment created you must ask yourself as though you today were one of our Founding Fathers. They had a Fear and as they met every morning through Divine Intervention, they prayed against that fear; to be wise and therefore divinely inspired. Then they remembered that a Republic was each individual's Sovereign Right that only God could give to each man & woman to govern themselves, in order to remain as an upstanding good God Fearing Citizen in order to keep it a Republic.**

**That meant that Our Government would be "the Supreme Power which lives in the Body of the Citizens" and that each was entitled to his own Voice; his own Vote. They realized as a Body of Citizens holding their ultimate vote; the People could hold themselves and their Government to the Body of the Law. The One Law of our Land, this Land; Our United States of Americans.**

**Our Founding Fathers realized that if ever those individuals elected to govern the People backed away from "the Law" or made Laws outside of our Constitution; it was the Right of the People to freely engage in one particular activity that could hold those that would govern the governed; responsible and obedient to the same Laws conversely governing the Government. In other words "the People's Voice of Vote would hold the Line" not allowing One to ever become a King making his/her own Laws that would only benefit themselves & their own Family or choice Friends. "No one is above the Law" the Founding Fathers demanded; therefore they would form a Republic whereby the People could self Govern; not be Subject to a King's Proclamation to benefit his wants, his needs, his greed or power plays; even unto his unequal desires.**

**Our Founding Fathers through Divine Intervention had the presence of mind and the thoughtful engagement with one another to agree to disagree that one day they could find themselves empowered yet afraid of their Constituents. They believed that in the idea, as far fetched as it could have felt like back then; that the People could might one day fall out of line with the People who would try to control them. The only way that would happen would be to disarm the People, thereby eventually controlling them.**

**We thank God today that Our Founding Fathers had the "presence of mind" and believed that the States could form their Militias or Armies to destroy insurrections against a Government of men and women who could get out of hand in establishing their own form of authority. The Founding Fathers understood what it would feel like to be frightened by a standing army, because they feared coups. Their conscientious thought of stay staunch in our Republic & Second Amendment ensured Our Constitution to live on.**

**Our Last Line of Defense for ourself and our Posterity is to uphold our entire Constitution with the 2nd Amendment holding fast and hard. We should never give in, nor never give up holding the line for our Founding Father's of old 244 years before up until now: securing  
... shall not be infringed.**

**Therefore in the mind full words of our Founding Fathers:  
"A well regulated Militia, being of the people to keep and bear Arms, shall not be infringed." Therefore in Mine Words as the 2nd Amendment Enforcer, whence become the President of the United States, the Preserver, Protector and Defender of Our Constitution; I stand on our 2nd Amendment First because without it we have nothing; and no one, not one is above the Law".**

## Political Biography

Charles Kraut was born in New York City and raised in Westchester County, New York. He received his BA in Social Sciences from the State University of New York at Stony Brook in 1971 and his MBA in Corporate Finance from Brigham Young University in 1978. Between degrees he spent four years in the US Army, a portion of that time in a sensitive assignment behind the Iron Curtain.

Charles first campaigned for a Republican candidate in 1964 when “carpetbagger” Bobby Kennedy moved to New York from Massachusetts and defeated incumbent Kenneth Keating for the U.S. Senate. Charles contributed regularly to the Republican Party for many years, and then in 2008 discovered the Constitution Party (CP). He joined the CP immediately and began attending, then speaking, at their National Committee meetings.

A student of the Constitution, Charles has written two books about the Constitution and is working on a third as part of his effort to return America to its roots. In 2018 he made the decision to focus his efforts on public education, believing that we cannot preserve our Republic if our children are improperly educated.

Charles believes that the key to restoring America’s freedoms and greatness lie in calling upon its citizens to throw off the shackles of the welfare state and stand up for their God-given rights. If Americans are to be self-governing, as the Founding Fathers intended, it is past time for us to begin to practice responsible citizenship along with public and private virtue.

### **Rockbridge County Board of Supervisors special meeting**

**Monday, 9 Dec 2019 Rockbridge County High School**

My name is Charles Kraut. I am a candidate for President of the United States.

For twelve years I have been an active defender of the Constitution. I have addressed conservative gatherings on more than 100 occasions across the United States.

I strongly defend the 2<sup>nd</sup> Amendment. In case it has not been mentioned, several court rulings over the years have determined that the second half of the 2<sup>nd</sup> Amendment is not a dependent clause. In other words, the 2<sup>nd</sup> Amendment recognizes the pressing need for well organized state militias, but that is by no means the sole reason why the right of the people of the United States to bear arms shall not be infringed.

The Founding Fathers recognized that a defenseless people are more easily enslaved. Having just experienced a long and bloody Revolution against the greatest military power in the world, they knew that an armed populace was essential to preserve and protect the rights enshrined in the Constitution.

Initially I thought the idea of a Sanctuary County regarding the 2<sup>nd</sup> Amendment was a great idea. After all, if the Liberals can ignore federal law by declaring sanctuary cities and states, why not ignore state law by declaring sanctuary counties? After all, our cause is just; we are trying to retain the rights granted to us by God and enshrined in the Declaration of Independence and our Constitution.

On second thought, however, I realized that we must do much more. We live in a day when the most insidious and dangerous political philosophy in history has ravaged the countryside for more than a century. That philosophy is called Progressivism. Progressivism has waged and won the Sexual Revolution, Women's Liberation, the gay rights movement, the Universal Declaration of Human Rights, and much more. Their tactics are always the same; once the camel gets his nose in the tent, pretty soon the entire camel is inside. If you do not know what Progressivism is, I urge you to get a copy of this pamphlet and then to go to my website for more information.

Today's battle over the 2<sup>nd</sup> Amendment is a minor skirmish compared to the damage that has already been done. Instead of (or perhaps in addition to) declaring Rockbridge County a sanctuary county regarding the 2<sup>nd</sup> Amendment, we must hold our elected officials to their oath of office. Our governor, our Delegates, and our Senate have all taken a solemn oath to defend the Constitution. Why, then, is so much anti-Constitutional legislation passed into law? We need to initiate recall petitions immediately for every sponsor of this anti-Constitutional legislation. If the Governor signs it into law, he must be put out of office because he is unfit.

Our elected officials and judges are sworn to defend the Constitution. They have absolutely no right to attempt to change it to suit their own purposes.

When Barack Obama stated "We are five days away from fundamentally transforming America" he instantly made himself ineligible to serve in public office in the United States. Either we have a constitutional republic under the rule of law, or we become subjects to an all-powerful elite. There are no other choices.

Thank you.
