**SUBJECT: DONALD TRUMP WAS NOT ACQUITTED OR EXONERATED HE WAS NOT REMOVED FROM OFFICE BECAUSE REPUBLICANS PLACED DONALD TRUMP AHEAD OF AMERICA'S NATIONAL SECURITY AND FOREIGN POLICY**

The Constitution Party of Virginia would like to correct the media, Donald Trump and the Republican Party. Donald Trump was NOT Acquitted or in any way exonerated by the US Senate, he was merely NOT removed from office and replaced by Vice-President Mike Pence. In the 1990's President Bill Clinton was also impeached by the House of Representatives over lying about a sexual affair. At the ensuing trial current House Majority Leader Mitch McConnell voted to remove President Clinton from office and replace him with then Vice-President Al Gore. In both Senate Impeachment Trials it was proven that President Bill Clinton and Donald Trump did what was in the Articles of Impeachment. Using Senator Lamar Alexander's words he used to justify his vote for not having witnesses in the Senate Impeachment Trial, which was the first Impeachment Trial to not have witnesses, setting a very bad precedence for future Dictators rto rise to power in the United States: "I worked with other senators to make sure that we have the right to ask for more documents and witnesses, but there is no need for more evidence to prove something that has already been proven and that does not meet the United States Constitution's high bar for an impeachable offense. The Constitution does not give the Senate the power to remove the president from office and ban him from this year's ballot simply for actions that are inappropriate." Having a sexual affair and lying about it, is "inappropriate" behavior, but using Military Aid to Ukraine as a bargaining chip and leverage to get them to announce an Investigation on his potential opponent Joe Biden and his son, Hunter, was as Senator Mitt Romney said "what he did was not perfect, no, was a flagrant assault on our electoral rights our National Security and our fundamental values. Corrupting an election to keep one's self in office is perhaps the most abusive and destructive violation of one's oath of office, I can imagine." This is how organized crime syndicates win cases, they OWN the Jury, either they pay them off, threaten them or they infiltrate the jury with their loyalist and that is how this TEFLON DON retained his power. ALL Americans should care that while one witness, Marie Yovanovitch, was testifying in the House of Representatives Donald Trump sent out tweets designed to intimidate the witness during her testimony to Congress. That is WITNESS INTIMIDATION, which is a CRIME

John Bloom, the Chairman of the Constitution Party of Virginia and former Republican Nominee for Delegate has this to say to the Republican US Senators, "Not voting to remove Donald Trump from office was a violation of their oath of office to protect and defend the Constitution of the United States against all enemies both foreign and DOMESTIC."

"I was an officer of the United States Navy and watched a REAL REPUBLICAN President Ronald Wilson Reagan, relight the torch on the Statue of Liberty onboard the USS JOHN F. KENNEDY (CV-67) and he was a Commander In Chief I was proud to serve under. As a Commander in Chief shouldn't all Presidents be subject to the Uniform Code of Military Justice (UCMJ)? It is **appalling, a disgrace and a NATIONAL EMBARRASSMENT** to expect more from an E-1, the lowest enlisted rank, in the US Navy, than the Commander In Chief Donald Trump. I suspect former Secretary of Defense James Mattis can identify violations of the UCMJ by Donald Trump based on his words and actions

Senator Lamar Alexander, I ask "Would you immediately arrest an individual from harming National Security, like spy John Walker and Israeli spy Jonathan Pollard, or wait several months? Donald Trump has access to all of America's Secrets and you would wait almost a year from removing that THREAT to America's National Security from office?" If a porn Star can blackmail Donald Trump for money, what Vladimir Putin might have on Donald Trump that Mueller's team did not find, that should concern all Americans. If one tells the TRUTH in the Trump White House they are FIRED, with Gordon Sondland and Lt. Col Alexander Vindman, the latest to be fired for telling the truth to protect America's National Security. Donald Trump is a "clear and present danger" to America's National Security. To all Republicans in the Senate, except Mitt Romney, Rep Justin Amash, another former Republican, and the House Democrats, gave all of you the opportunity to defend the Constitution. You could have replaced Donald Trump with Mike Pence, taken your party back and returned it to the Party of Lincoln and Reagan.. Except for Senator Mitt Romney, the rest of lacked the Courage and MORAL CONVICTION turning the party that I and Rep. Amash used to belong to, into the Party of COWARDS."
