SUBJECT: CONSTITUTION PARTY OFFERS HOPE AND A CONSERVATIVE ALTERNATIVES TO THE PARTY OF TRUMP FOR YOUNG AMERICANS AT CPAC

Though the Constitution Party was a Participating Sponsor at the Conservative Political Action Conference they were not invited to provide a speaker, however the FRENCH National Front had Marion Merechal-Le Pen, the NEICE of the National Front nominee Marine Le Pen who LOST to French President Emmanuel Macron and Nigel Farage of the British UK Independence Party spoke on Thursday. That same day, John Bloom, Chairman of the Constitution Party of Virginia was interviewed by a German Reporter, Dustin Ussery, Texas Veterans Coordinator, had an interview with a Swiss Reporter and Charles Kraut, Vice Chairman was interviewed by a South Korean Reporter on Thursday.

On Friday, Mr. Bloom left Donald Trump's speech and was interviewed by a Politico Reporter, and others were interviewed by a Rolling Stones and a Vanity Fair Reporter, who also attended the Meet and Greet with the Constitution Party had that evening. There is no such thing as "Conservative Media", that is FAKE CONSERVATIVE MEDIA, there is "Republican Media" masquerading as "Conservative Media", as they had no desire to interview members of the Constitution Party. Mr. Bloom also left the room after Devin Nunes received an ovation for his efforts PROTECTING Donald Trump.

The news story of CPAC was the sheer volume of YOUNG AMERICANS visiting the Constitution Party booth. Several members of the College Republicans came to the booth, including one young lady who told Constitution party members she was excited when she found out that the Constitution Party would be attending CPAC. Another young African American gentleman said, "This is the Party I am looking for". With Traditional Media ignoring the Constitution Party, organizers relied on Social Media to reach young Americans. After Donald Trump finished his speech members of Turning Point USA came to the Constitution Party Booth to hand out a sticker that had "Republican" and "Democrat" Blocks UNCHECKED with "AWAKE" Checked. Mr. Bloom contacted Turning Point USA and asked if they were coming so they knew, the Constitution Party would be at CPAC and were waiting for the opportunity to hand out those stickers to people that would wear them.

The Constitution Party Booth was constantly busy, with 70% -80% of those visiting the booth under 30 years of age. Just about all those attending the Meet and Great Friday night were under 30 and most were College Students. Four of these College Students talked with members of the Constitution Party for over four hours and were interested in launching Constitution Party College Organizations. The Constitution Party is NOT the Party of Old Angry White Guys that is the Republican Party. Though the Constitution Party offers Young Americans a Conservative Alternative to the Party of Trump, it is these Young Americans that offer hope to RESTORING America's Constitutional Republic, we, the Constitution Party cannot alone fix anything the Constitution Party requires the assistance of others.
