

**"BAD LAWS ARE
THE WORST SORT OF
TYRANNY"**

FOR IMMEDIATE RELEASE

September 8th, 2020

John B. Bloom, Chairman Constitution Party of Virginia, (CPV) CPofvirginia@gmail.com, (757)806-8694

SUBJECT: DONALD TRUMP AND HIS FAMILY SHOULD BE THE FIRST TO BE VACCINATED WITH THE COVID-19 VACCINE

In the 1990 Al Gore and other so called Environmentalists pushed through Congress a BAN on Chlorinated Fluorocarbons (CFCs), based solely on a DEBUNKED THEORY, that these heavier than air molecules would travel into the atmosphere and destroy the Ozone Layer. CFCs were used as REFRIGERANTS and were non-toxic and non-corrosive and non-toxic, however the replacement chemicals were far more deadly, creating Hydrofluoric Acid, that is why the newer systems are much tighter than the CFC systems. In the US Navy these CFC's were used as Firefighting Halogen systems, that extinguish shipboard fires in a matter of SECONDS, but there is no replacement chemicals that were as effective, resulting in ships and crew that could have been saved to perish. God only knows how many people died unnecessarily by replacing a harmless chemical, with toxic, corrosive and deadly replacement chemicals.

In the 1950's the first Polio Vaccine killed children as Dr. Donald Trump rushes to provide a Covid-19 vaccine before Election Day, that may not be effective or the "cure" may be worse than the disease. There is no vaccine as of yet, and even if they had a vaccine, 8 weeks is not sufficient time for the Food and Drug administration to fairly scrutinize the side effects and effectiveness of a vaccine in laboratory animals, let alone human beings. If a COVID-19 vaccine becomes available before Election Day, Donald Trump and his ENTIRE Family should be the first to receive this vaccine, let them take the risk associated with the vaccine, before any other Americans are vaccinated and have them observed for a month or so.

Chairman of the Constitution Party of Virginia, John Bloom, was an Officer in the US Navy and held a Secret Clearance, and he has a warning to all Americans especially those who sincerely love and are loyal to the United States of America:

"As both the Chairman of the Constitution Party of Virginia and a former officer of the United States of Navy, who held a security clearance, I recommend a Constitutional Amendment requiring any candidate for Federal Office, especially the President and Vice-President of the United States, to be investigated by the Federal Bureau of Investigation for a security clearance within FIVE years prior to being on the ballot in any state. " As someone who held a clearance, there is absolutely no way any other person other than Donald Trump would have been granted a security clearance if they had been investigated by the FBI and a report similar to the Mueller Report would have been produced. Where National Security is concerned a crime does not have to be committed to be DENIED a security clearance, several BANKRUPTCIES can deny someone access to classified material and a President of the United States cannot execute their duties without a Top Secret Clearance, therefore that is grounds for impeachment.

The Secretary of Defense a few months ago signed a Directive that required all DOD personnel receive training that included INTERNAL THREATS, but the greatest Internal Threat is the person that has access to ALL Classified material and has more Russian Contacts than anyone, Donald Trump."
