**SUBJECT: THE PARTY OF COWARDS IS NOW THE PARTY OF TRAITORS**

The Chairman of the Constitution Party of Virginia, John Bloom issues the following statement in regard to the Newsweek Article about a Poll in which 45% of Republican Voters support storming the US Capitol on January 6<sup>th</sup>, 2021:

"I am not surprised about that Poll and whole heartedly agree with it. When I left the Republican Party I expected it not only to be a subsidiary of Trump Incorporated comprised mostly of members of the Trump Cult and would become the PARTY OF COWARDS which it has become for most of Donald Trump's Presidency, NOW it has become the Party of TRAITORS in that 45% of Republicans support committing an act of TREASON in their support of storming the Capitol. As for the Republican Members of Congress from Virginia, the DISHONABLE Rob Wittman, the DISHONABLE Ben Cline, the DISHONABLE Bob Good and the DISHONABLE Morgan Griffith that OBJECTED to the counting of votes, they should ALL be INPEACHED and REMOVED from office and never permitted to run for any public office. They all violated their Oath of Office to protect and defend the Constitution of the United States as the 12<sup>th</sup> Amendment to the Constitution of the United States does not allow any member of Congress to Object to the counting of votes. Their involvement in creating an illusion to the UNDER-EDUCATED Trump Supporters, that Vice –President Mike Pence had authority to intervene in the vote count on Donald Trump's behalf, which led some of these Trumplings that stormed the Capitol to shouts of "HANG MIKE PENCE". I would say all the need to do is READ the Constitution of the United States, but I am not sure many TRUMPLICANS can read"

All those involved in this CHARADE were responsible for drawing the MOB to DC and when they realized that the electoral vote could not be reversed, charged the Capitol, resulting in the death of five people, including the death of two Capitol. If these members of Congress did not draw the MOB to the Capitol, the Capitol would not have been stormed and these four people would still be alive. In addition to this ALL of them should be charged with Involuntary MANSLAUTER and TREASON.

I ask the 55% of Republicans in Virginia that do not support the storming of the Capitol to leave the Party of TRAITORS and join the Party of the CONSTITUTION in Virginia. I received this message from a fellow resident of Newport News:

"I think after this whole election debacle and the cowardice of various inept Republicans in Congress, I think I am shedding my affiliation once and for all from the Republican Party and want to join the CP of Virginia. Let me know how I can be of help."

I know that there are thousands of people just like this individual. He knew who to call to get involved in an effort to save America's Constitution Republic against its enemies, including TRUMPLICANS and Bernie Sanders Democrats. What he can do to help, is to build the Constitution Party of Virginia, starting in our City of Newport News. I will be meeting with him at Noon at the Sopranos Restaurant near Christopher Newport University and I invite students and faculty, especially CNU President and former Senator under President Reagan, Paul Trible to meet me there and help build a constitutional alternative to the Party of Traitors. I will be handing out Pocket Constitutions to all as long as my supplies last. This invitation is extended to the Press. I plan on traveling across this Commonwealth to any news organization interested in interviewing me either in live in person or via Zoom for an interview this weekend. If the media does their part to inform the people of a Constitutional Alternative to the Party of Traitors, the GOP will RIP at least in Virginia."
