SUBJECT: CONSTITUTION PARTY OF VIRGINIA TO HAND OUT POCKET CONSTITUTIONS AT NEWPORT NEWS "STARS IN THE SKY" FIREWORKS AT VICTORY LANDING PARK

To celebrate the Fourth of July, the Constitution Party of Virginia will be handing out Pocket Constitutions, that also includes the Declaration of Independence at Victory Landing Park, in Newport News prior to the "Stars in the Sky" Firework display. John Bloom, the Chairman of the Constitution Party of Virginia, a Newport News resident and FORMER Republican candidate for State Delegate, who left the Republican Party because it is no longer the Party of Lincoln and Reagan, but now it is the Party of Donald Trump and as such, no longer will protect and defend the Constitution of the United States against a President in their own, when he usurps legislative powers from Congress in violation of Article I. Contrary to popular belief, the President has no authority to sign Executive Orders that change Immigration Laws or increase taxes/tariffs on the American People, the people that will pay those taxes.

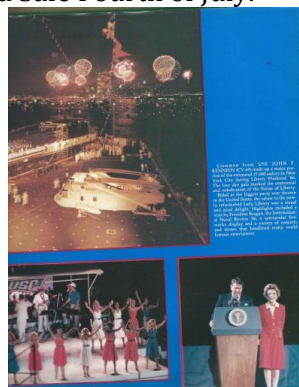

Mr. Bloom issues this statement on Celebrating the Fourth of July:

Come one and come ALL to Victory Landing Park in Newport News and visit the Constitution Party of Virginia and pick up a Pocket Constitution, that includes the US Constitution of course as well as the Declaration of Independence and quotes from our Founding Fathers. I believe America's Constitutional Rights are under assault by the very people Americans elected to protect those rights, and sadly few have even read the US Constitution and know what is in it.

To those people that say "Make America Great Again", do you even know what made America Great in the 1st place? Was it the new country established in 1789? No, America needed France's help to win the American Revolution. Was it after the Civil War, No, that war tore America apart. It was the US Constitution that held America together through much of that, but it was IMMIGRANTS, immigrating to America that contributed to making America Great, and without America persecuting them, but accepting them. Immigrants like Albert Einstein and Enrico Fermi contributed to America's greatness by making Nuclear Power possible. If it were not for German immigrant scientists America would not have had a space program at all. Not all of those immigrants had good intentions like Al Capone and Lucky Luciano, but most of those immigrants contributed to America's Greatness. Celebrate the Fourth of July with me at Victory Landing Park and pick up a Pocket Constitution, and RELIGHT the Torch of LIBERTY again. I'd like to wish all Americans a Happy and Safe Fourth of July."
