SUBJECT: CONSTITUTION PARTY OF VIRGINIA CHAIRMAN TO SPONSOR CPAC 2020 TO RETURN THE CONSTITUTION OF THE UNITED STATES BACK TO CPAC

For several decades the Democrat Party has abandoned the Constitution of the United States for Democratic Socialism, as is evident in one of their candidates seeking the Democratic Nomination for President of the United States, Senator Bernie Sanders, backed by so called "progressives" who desire a dismantling of the Constitution and the INDIVIDUAL Constitutionally protected rights of all Americans. President Ronald Reagan said that if Communism would come to America, it would come in a different name, and that name is "progressivism". The Constitution Party of Virginia's greatest concern is that the Russian government would try and help Bernie Sanders win the Democratic Primary, such that there would be a Democratic and a Republican candidate for President that would be Russian allies ("Putin Puppets").

The Republican Party has now abandoned the Constitution of the United States in a SHAM of a Senate Impeachment trial, the FIRST WITHOUT WITNESSES. Senator Lamar Alexander's statement on why he would not vote for witnesses sums up just how UNCONSTITUTIONAL the Republican Party has become: "I worked with other senators to make sure that we have the right to ask for more documents and witnesses, but there is no need for more evidence to prove something that has already been proven and that does not meet the United States Constitution's high bar for an impeachable offense. The Constitution does not give the Senate the power to remove the president from office and ban him from this year's ballot simply for actions that are inappropriate. The question then is not whether the president did it, but whether the United States Senate or the American people should decide what to do about what he did. I believe that the Constitution provides that the people should make that decision in the presidential election that begins in Iowa on Monday. Our founding documents provide for duly elected presidents who serve with 'the consent of the governed,' not at the pleasure of the United States Congress. Let the people decide." –

Kenneth Starr and others did not argue the facts of what Donald Trump did in using US Foreign Policy for his personal gain and jeopardize National Security in the process, but they argue what he did is NOT an impeachable offense, yet in the 1990's, Mr. Starr and the Republicans argued that lying under oath about a sexual affair with an intern was an Impeachable Offence, they set the Impeachment Bar that LOW, NOT a "High" bar as Sen. Alexander inaccurately described the Impeachment threshold, that did NOT affect any aspect of the Federal Government, is totally ABSURD. Timing should never be a consideration in removing a president from office if he violates the constitution and usurps congressional Constitutional authority and becomes a dictator, he should be removed from office. Later in the week the Republicans in the United States Senate will decide whether to remove Donald Trump as President and **replace him with Mike Pence** for the HIGH CRIME of ABUSE of POWER that placed America's Foreign Policy and National Security at risk. Most Republicans would prefer Mike Pence to Donald Trump.

John Bloom, the Chairman of the Constitution Party of Virginia, has sponsored CPAC to return the Constitution to CPAC and will offer Speakers in the CPAC CENTRAL. Sheila "SAMM" Tittle, <https://www.samm2020.com/> who is seeking the CP Nomination for President of the United States is already a confirmed speaker. Paul Provance, Campaign Chairman for CP Presidential candidate Charles Kraut will speak. Mr. Bloom contacted INDEPENDENT Rep. Justin Amash and Republican Mitt Romney (who voted for Witnesses and was disinvited by CPAC for it) on twitter and offered them both the opportunity to speak at his booth. Mr. Bloom also invited Christopher Gibbs who is challenging TRUMPLICAN Jim Jordan for Congress. Mr. Bloom contacted Joe Miller who won a Republican Primary against Senator Lisa Murkowski, then lost to her in the General Election in a write in campaign, about challenging her again in a General Election. In Virginia, Republicans cannot win in Republican Gerrymandered districts and lost seats in every election since Donald Trump was elected, NOT because Virginia has turned "Blue", but that Virginia is NEVER TRUMP Territory and as a result Virginian Gun Owners may lose some of their 2nd Amendment Rights. Mr. Bloom sponsored CPAC for the ["#ILEFTTHEGOP"/"#GOP EXODUS" Movement](#) and encourages others that left the GOP, like himself and Representative Justin Amash, to join him in CPAC CENTRAL (tickets are only \$50). **It is time the American People rise up to protect, preserve and defend the Constitution of the United States against all enemies both Republicans and Democrats.**
