Contact: John B. Bloom, Chairman Constitution Party of Virginia, CPofvirginia@gmail.com, (757)806-8694

SUBJECT: ALL ALTERNATIVE POLITICAL PARTIES IN THE STATE OF VIRGINIA ARE UNITED IN A LAWSUIT TO BRING CHOICE TO THE VOTERS OF VIRGINIA

The Libertarian Party and the Independent Green Party are added to the Lawsuit to waive the Signature Requirements for Ballot Access in Virginia to offer CHOICE to the residents of Virginia. Every Congressional Seat as well as the Senate, President and Vice-President of the United States has a plaintive seeking ballot access. For President Residents still have the choice of the lesser of two EVILS in Democrat Joe Biden and Republican Donald Trump, with the lesser of the two evils being Joe Biden. If this lawsuit is successful residents will have the choice of two women, Libertarian Party Nominee Jo Jorgensen, who is pro-choice, however opposes using government funds to finance abortion providers such as Planned Parenthood and 100% pro-life and 100% pro-Constitution, not picking and choosing which Amendment to the Bill of Rights to protect and defend, like Republicans and Democrats do, in independent Constitution Party candidate Sheila "SAMM" Tittle.

If this lawsuit is successful Virginians will have the opportunity to purge the two UNCONSTITUTIONAL Political Parties from Virginia, the Republican Party that represents Donald Trump and the Republican Party and the Democrat Party that represents Joe Biden and the Democrat Party, neither of them represent the voters of Virginia and the Constitution of the United States. Though there are others seeking the same office as those identified as Plaintiffs they will also reap the benefits of this Judicial Decision. The Amended Complaint is located here: [Amended Complaint for Virginia Ballot Access](#).

John Bloom, the Chairman of the Constitution Party of Virginia will interview all non-Republican and Non-Democrat candidates seeking Congressional seats and provide voters with a FUSION ticket that will be the better of the Good candidates that will pledge to protect and defend the Constitution of the United States and the Constitution of Virginia. In addition, residents of other states could also benefit from this lawsuit as it is filed in US District Court for violation of the Equal Protection Clause, the 14th Amendment to the Constitution.

There is one area where BOTH Republicans and Democrats do NOT want **Competition**, in the **Political Arena** where it is needed the most in order to effectively protect the Individual Rights of all RESIDENTS of Virginia. It is up to all Alternative Political Parties to WORK TOGETHER to save the longest Constitutional Republic in history from becoming extinct due to the mismanagement and incompetence of the Democrats and Republican Parties. Mr. Bloom as a former Republican, can tell you that most Republicans are NOT very smart, most follow orders from their Leaders and those that **offer Constitutional solutions to America's problems** are in alternative political parties, and would not vote for legislation they have NOT read let alone debated, like the Republicans and Democrats do. In Virginia voting for Donald Trump is a wasted vote, as his party lost every election since he was elected and has not won a statewide election since 2009, and will not win Virginia. Voting for an Alternative Party could create fully qualified political parties in Virginia (currently we operate as Political Action Committees) with 10% of the vote.

Democrats in states like Utah, Wyoming, Oklahoma, Alabama and Arkansas where they have no chance of winning would vote for an Alternative Party candidate for President can prevent Donald Trump from winning those Electoral votes. If Democrats did that in 2016, Donald Trump would have never been elected. **It was the Democrat voters that helped elect Donald Trump in states where the Hillary Clinton had no chance of winning.** Likewise if Republicans in states like New York, New Jersey, California **Virginia** and Washington State would vote for an Alternative Party Candidate for President can prevent Joe Biden from winning those Electoral votes.

In Kentucky, one need not vote for a Democrat, to defeat Moscow Mitch McConnell, Kentucky voters can vote for **Libertarian Brad Barron**, <https://www.bradbarron2020.com/> who is 100% Pro-Life & 100% Pro-Constitution, for US Senate.

In South Carolina, one need not vote for a Democrat to defeat **Donald Trump's Lapdog Lindsey Graham**, South Carolina voters can vote for **South Carolina Constitution Party Nominee Dr. Bill Bledsoe** (drbillbledsoe@gmail.com) for US Senate.
